

WARRINGTON WHAT'S ON NEWSLETTER

Spring Term (January-March 2023)

ADDvanced Solutions Community Network encourages, equips and empowers neurodiverse children, young people and their families, and those with specific learning difficulties, SEN and Disability, and associated mental health needs. We have a blended offer of face-to-face and online groups, workshops and learning programmes available for parent/carers to access to better understand and support their child.

Introducing: our new format!

Welcome to our new What's On newsletter, created to celebrate our ten-year anniversary. We now have a *contents page* with links and page numbers for each section of the newsletter, together with more detailed explanations about our delivery. We welcome your feedback.

**SCROLL DOWN OR CLICK HERE TO
VISIT THE CONTENTS ON PAGE 2**

Our online offer is delivered using Zoom for Healthcare. The details we request are kept securely and used in line with our privacy policy:

<https://www.addvancedsolutions.co.uk/policies/privacy-policy.html>

If you are using a phone, you will need to download the Zoom app beforehand. Please be mindful of your data usage. If you do not have an unlimited data plan, you may need to connect to a Wi-Fi connection to prevent charges.

CONTENTS

Community Network Groups

Each week during term time, we deliver online and face to face informal open access workshops on different subjects to support you and your family - pre, during and post-diagnosis. Come along to meet our team and visiting professionals.

What is a Community Network Group?

Each week during term time, we deliver informal workshops on different subjects to support you and your family at all stages of your journey - pre, during and post-diagnosis. Our workshops are needs-led, so come along and meet our team and visiting professionals to share learning and experience. See below for further details on our Community Network Group delivery for this half term.

Monday All Area Online Community Network Group

To join us online: [please click here to register](#). You only need to register once to join any of the sessions below, please drop into whichever topics you will find helpful.

When?	What?
Monday 9th January 2023 9:30am – 11:00am	Identifying Problems, Finding Solutions: An open session to come along and discuss any difficulties you may be experiencing with your child/young person and explore strategies to support them.
Monday 16th January 2023 9:30am – 11:00am	Communicating with your Child / Young Person: What is communication? This session we will be looking at how to recognise different forms of verbal and non verbal communication and identify strategies for improving communication with children and young people with neurodevelopmental conditions.
Monday 23th January 2023 9:30am – 11:00am	Looking at Tantrums V Meltdowns: Is my child having a tantrum or a meltdown? What is the difference? How do I support them at these times? Today's workshop looks at these and other concerns, and we will be discussing strategies to help.
Monday 30th January 2023 9:30am – 11:00am	Introduction to Sensory Processing Difficulties: Effective sensory processing is essential in order to develop skills, to learn and to function in everyday life. Children with neurodevelopmental conditions often have impaired sensory processing – in this session we introduce our 8 senses, how to identify any sensory processing difficulties and offer ideas on how to support our children and young people with these difficulties.
Monday 6th February 2023 9:30am – 11:00am	Exploring Social Stories: Social stories™ were developed (by Carol Gray) to help children to understand social situations, and to provide social information they may be missing. In this workshop we will discuss how to develop social stories and how to use them effectively.
Monday 13th February 2023 9:30am – 11:00am	Identifying Problems, Finding Solutions: An open session to come along and discuss any difficulties you may be experiencing with your child/young person and explore strategies to support them.

When?	What?
Monday 20th February 2023 9:30am – 11:00am	Autism with Demand Avoidant Profile: Autistic children and young people will have a degree of demand-avoidance due to their levels of anxiety. Behaviour associated with autism with a demand avoidant profile can be challenging and requires a non-confrontational approach. We will discuss how to adopt this approach in this session for families.
Monday 27th February 2023 9:30am – 11:00am	Identifying Problems, Finding Solutions: An open session to come along and discuss any difficulties you may be experiencing with your child/young person and explore strategies to support them.
Monday 6th March 2023 9:30am – 11:00am	Understanding Tourette's Syndrome: Tourette's Syndrome affects over 300 000 people in the UK; it is an inherited neurological condition which causes involuntary motor and vocal tics. Join us for our awareness-raising session where we can discuss ways to understand and support people who have this condition.
Monday 13th March 2023 9:30am – 11:00am	Introduction to Sensory Processing Difficulties: Effective sensory processing is essential in order to develop skills, to learn and to function in everyday life. Children with neurodevelopmental conditions often have impaired sensory processing – in this session we introduce our 8 senses, how to identify any sensory processing difficulties and offer ideas on how to support our children and young people with these difficulties.
Monday 20th March 2023 9:30am – 11:00am	Identifying Problems, Finding Solutions: An open session to come along and discuss any difficulties you may be experiencing with your child/young person and explore strategies to support them.
Monday 27th March 2023 9:30am – 11:00am	Looking at Autism, ADHD and Masking: In today's session we will be looking at masking - why do individuals with a neurodevelopmental condition try to mask their differences in social situations, and what impact does it have on them? How can we help to reduce the stress and pressure they are experiencing?

Warrington Community Network Group

Join us face-to-face at Sandy Lane Children's Centre, 113 Sandy Lane, Orford, WA2 9HY.
There's no need to book - please drop in!

When?	What?
Thursday 12th January 2023 12:45pm – 2:45pm	Identifying Problems, Finding Solutions: An open session to come along and discuss any difficulties you may be experiencing with your child/young person and explore strategies to support them.
Thursday 19th January 2023 12:45pm – 2:45pm	Troubleshooting Homework: Children and young people who are neurodiverse may find completing homework a challenge at home. Join us to identify different learning styles and recognise strategies to support a barrier to learning and possible specific learning difficulty.
Thursday 26th January 2023 12:45pm – 2:45pm	Emotions - what our body is telling us: Our children and young people with neurodevelopmental conditions don't always recognise the connection between their emotions and what they feel physically inside their body. Today we will be discussing how to help them to understand what is going on inside their body to help them to better manage their different emotions.
Thursday 2nd February 2023 12:45pm – 2:45pm	Understanding Dyslexia: In this session we will be looking at what dyslexia is, what it means and how we can support those with dyslexia. We will also be continuing our usual opportunities to catch up with and support families of children and young people with neurodevelopmental conditions.
Thursday 9th February 2023 12:45pm – 2:45pm	Autism and Girls - A Different Presentation: Autistic girls can be missed in assessment because autism can appear differently to the way it presents in boys. In today's session we will look at the differences between autistic boys and autistic girls, and specific ways to support autistic girls.
Thursday 16th February 2023 12:45pm – 2:45pm	Understanding and Supporting Behaviour: Sometimes we can struggle to understand why our children and young people behave the way they do. Join us as we unpack some underlying causes of the behaviours that can be a challenge to them and to us and look together at some strategies that may help.

When?	What?
Thursday 2nd March 2023 12:45pm – 2:45pm	Identifying Problems, Finding Solutions: An open session to come along and discuss any difficulties you may be experiencing with your child/young person and explore strategies to support them.
Thursday 9th March 2023 12:45pm – 2:45pm	Autism with Demand Avoidant Profile: Autistic children and young people will have a degree of demand-avoidance due to their levels of anxiety. Behaviour associated with autism with a demand avoidant profile can be challenging and requires a non-confrontational approach. We will discuss how to adopt this approach in this session for families.
Thursday 16th March 2023 12:45pm – 2:45pm	Visit from SENDIASS: IASS will be joining us to discuss the information, advice and support they provide for parents/carers of children and young people with SEND, including how the service supports families through the Education Health Care Plan (EHCP) process.
Thursday 23rd March 2023 12:45pm – 2:45pm	Visit from ND Pathway: The Neurodevelopmental Pathway is something that all parents who are going through an assessment and diagnostic process will have heard of. Meet the ND pathway team to hear about who they are and about what they do.
Thursday 30th March 2023 12:45pm – 2:45pm	Understanding The Exclusion Process: In this session we are going to have a look at the facts and procedures surrounding exclusions. At what stage can a child/young person be excluded? What can we as parents and carers do in this situation? Join us for an informal discussion - please share your experience and any questions.

Wednesday All Area Online Community Network Group

To join us online: [please click here to register](#). You only need to register once to join any of the sessions below, please drop into whichever topics you will find helpful.

When?	What?
Wednesday 11th January 2023 5:00pm – 6:30pm	Identifying Problems, Finding Solutions: An open session to come along and discuss any difficulties you may be experiencing with your child/young person and explore strategies to support them.
Wednesday 18th January 2023 5:00pm – 6:30pm	Understanding Dyslexia: We have a session looking at what dyslexia is, what it means and how we can support those with dyslexia. We will also be continuing our usual opportunities to catch up with and support families of children and young people with neurodevelopmental conditions.
Wednesday 25th January 2023 5:00pm – 6:30pm	Introduction to Sensory Processing Difficulties: Effective sensory processing is essential in order to develop skills, to learn and to function in everyday life. Children with neurodevelopmental conditions often have impaired sensory processing – in this session we introduce our 8 senses, how to identify any sensory processing difficulties and offer ideas on how to support our children and young people with these difficulties.
Wednesday 1st February 2023 5:00pm – 6:30pm	Autism and Girls - A Different Presentation: Autistic girls can be missed in assessment because autism can appear differently to the way it presents in boys. In today's session we will look at the differences between autistic boys and autistic girls, and specific ways to support autistic girls.
Wednesday 8th February 2023 5:00pm – 6:30pm	Understanding Theory of Mind: In today's session we will be looking at 'Theory of Mind'. What is it, and the impact on our children and young people with neurodevelopmental conditions in their understanding of how other people think and feel.
Wednesday 15th February 2022 5:00pm – 6:30pm	Attachment and NDC's: This week's topic is Attachment and NDCs. We will be looking at what attachment is and how this can link to neurodevelopmental conditions. We will also be looking at how attachment can present, and how to support my child or young person with this.

Wednesday All Area Online Community Network Group

To join us online: [please click here to register](#). You only need to register once to join any of the sessions below, please drop into whichever topics you will find helpful.

When?	What?
Wednesday 22nd February 2023 5:00pm – 6:30pm	Identifying Problems, Finding Solutions: An open session to come along and discuss any difficulties you may be experiencing with your child/young person and explore strategies to support them.
Wednesday 1st March 2023 5:00pm – 6:30pm	Supporting Siblings of CYP with ND Conditions: This session will discuss ways to explain neurodevelopmental conditions to a sibling, to help them to better understand their brother or sister; sharing strategies to improve relationships and reduce sibling rivalry.
Wednesday 8th March 2023 5:00pm – 6:30pm	Understanding ADHD: This week our workshop is about ADHD - looking at the characteristics of hyperactivity, impulsivity and inattention and how they can impact on education and home life. We will also look at strategies that can support our children and young people with ADHD.
Wednesday 15th March 2023 5:00pm – 6:30pm	Specific Learning Conditions: This week we will be looking at specific learning difficulties and giving an overview of dyslexia, dyspraxia, dyscalculia and dyspraxia - the four major specific learning difficulties.
Wednesday 22nd March 2023 5:00pm – 6:30pm	Identifying Problems, Finding Solutions: An open session to come along and discuss any difficulties you may be experiencing with your child/young person and explore strategies to support them.
Wednesday 29th March 2022 5:00pm – 6:30pm	Communicating with your Child: What is communication? This session we will be looking at how to recognise different forms of verbal and non verbal communication and identify strategies for improving communication with children and young people with neurodevelopmental conditions.

What is the Neurodevelopmental Conditions Learning Programme?

Our Neurodevelopmental Conditions (ND) Learning Programme provides an opportunity for parents and carers to gain understanding and skills about neurodevelopmental conditions including autism, ADHD and Sensory Processing Difficulties (pre, during and post-diagnosis) with strategies to support the difficulties that may present:

- Neurodevelopmental conditions/specific learning difficulties and associated mental health difficulties
- Autism Spectrum Disorder/Condition (ASD/C)
- Attention Deficit Hyperactivity Disorder (ADHD)
- Sensory Processing/Integration Difficulties (SPD)
- Supporting behaviours associated with neurodevelopmental conditions
- Your Local Offer, disability welfare rights and special educational needs support including Early Help and Education Health Care Plans

Supporting Children and Young People in Care in Warrington

We also have a Neurodevelopmental Conditions Learning Programme for foster carers, kinship carers, and supporting professionals, including residential staff, to understand and better support the needs of children and young people in or at the edge of care, presenting with a neurodevelopmental condition.

Please contact the office on 01925 320863 to register your interest.

ND and Me Programme - For children/young people (face-to-face)

ND and Me, a coaching-based learning opportunity, has been designed for neurodiverse children/young people aged 8-11 and 11-14 to help them to gain a better understanding of themselves and explore their needs.

Parents and carers must have attended the Neurodevelopmental Conditions Learning Programme for their child or young person to attend the ND and Me learning opportunity.

To register a place for your child/young person, please contact the office on 01925 320863 or email info@advancedsolutions.co.uk.

Venue - To be identified

What is a Family Learning Workshop?

Our online family learning workshops aim to increase parents and carers understanding of a particular topic around neurodevelopmental conditions and gain strategies to support their child or young person at home and in school. With the opportunity to interact with our team via the chat function.

To join us online: Please click the link provided below

When?	What?
Friday 10th February 2023 9:30am - 12:00pm	Supporting Sleep Difficulties: Click Here to Register
Friday 17th March 2023 9:30am - 12:00pm	SEND Processes including EHCP: Click Here to Register

What is the Professionals Neurodevelopmental Conditions Awareness Raising Training?

Designed to improve professionals' understanding of neurodevelopmental conditions, how they may present and how one condition may overlap with another. Professionals attending this training will develop knowledge, skills and confidence to better support neurodiverse children, young people and their families:

- Understand the differences between ADHD, ASD/C, and other NDCs
- Recognise the typical behaviours of ADHD, ASD/C and other NDCs
- Recognise the impact that unsupported and unmanaged characteristics of NDCs can have on an individual and their family
- Understand the impact that sensory processing difficulties can have on children and young people
- Recognise local support available for professionals, children, young people and their families.

ADDvanced Solutions Community Network is commissioned to deliver a limited number of Neurodevelopmental Conditions Professional Awareness Raising Training to whole teams. If you are interested in this full day's training, please call the office on 01925 320863 or email info@advancedsolutions.co.uk

Coffee Mornings/Afternoons

Our team are happy to attend any face-to-face coffee mornings and/or online sessions to explain our current offer to families and professionals. Please contact the office for further information.

Seeking Crisis Support?

ADDvanced Solutions Community Network is not a crisis service. If you, a child or young person is experiencing acute distress and is deemed to be a risk to themselves or others, **we have listed the local area crisis contact details on our urgent support page, which you can find on our website: www.addvancedsolutions.co.uk under the 'Contact' menu option**, where you will also find links to national organisations that can offer support.
